

# MEET HYLAND HEALTHCARE

Up to 75 percent of unstructured content is stored and managed outside the EMR. What if you could access that content right from within the EMR? With Hyland, you can.

Harness and easily access that missing information to better inform decisions and support improved outcomes. Take it a step further with solutions that connect content and processes to your ERP, HRIS and other enterprise systems for unprecedented efficiency. From the ED to HR, Hyland solutions deliver extraordinary, proven results for healthcare enterprises across the globe.

## Clinical care

- + Retrieve documents within an EMR
- + Enterprise medical imaging
- + Consent capture
