WHY WE CONTINUALLY ENHANCE THE HYLAND CONTENT SERVICES PLATFORM

When you implement a Hyland content services solution, you can be confident knowing you've invested in a platform that's continually updated and enhanced. With key updates and enhancements in each release, your solution will continue to adapt to your IT environment while also equipping users with more of the tools they need to truly revolutionize the way they work. Each update provides you with:

1 NEW AND IMPROVED FUNCTIONALITY

Take advantage of the latest products and enhancements to empower your knowledge workers with better information access and modern experiences to deliver exceptional service to your customers.

- Benefit from the most up-to-date user experiences across a range of clients, devices and integrations
- Get access to the latest configuration tools to simplify administration and speed innovation

2 UPDATED COMPATIBILITY

Each Hyland release includes support for the latest browsers, operating systems and new and expanded integrations with common business applications. This equips your organization to stay up-to-date with the latest technology advancements.

- Maintain support for the latest evergreen browsers and operating systems
- Ensure compatibility with the latest versions of third-party integrations

3 BOLSTERED SECURITY AND FASTER PERFORMANCE

Hyland has a team dedicated to evaluating the security of its content services platform that continually tests and evaluates your solutions against the latest threats. Every release cycle also includes testing to ensure optimal performance as well as well as updates and software changes to address both.

- Ensure your system remains stable and secure with the latest security updates, equipping you to meet current compliance standards and reducing risk
- Keep your users productive with optimally performing software

4 BENEFITS FROM PLATFORM MODERNIZATION

Hyland continues to modernize and extend its platform, allowing you to take advantage of a wide range of content services capabilities.

- Get access to new features and enhanced capabilities across Hyland's solution offerings that can enhance employee productivity and the bottom line
- Gain opportunities to improve existing solutions and build entirely new solutions, expanding the Hyland footprint across your enterprise

THE FUTURE

With each release, we're making the Hyland content services platform more powerful, more configurable and more capable of integrating with other business applications while providing a range of solutions.

All upgrades are included with your annual maintenance. Regular upgrades maximize the value of your Hyland investment and set you up for success now and into the future.
